**Service: Peace of Mind Protection Package**

**Telephone: (604) 357-4776**

The Peace of Mind Protection Package provides you with the comfort of knowing your application will be drafted and filed by an experienced lawyer. Furthermore, while there are no refunds, if the comprehensive search finds a potential conflict for your trademark, this package includes a complimentary second comprehensive search.

You will also have the opportunity to discuss your file with a trademark lawyer, and we will respond to any non-substantive requests for information on your behalf.

Sometimes trademark applications face objections from the trademark office or other agencies and require substantive responses to move forward. If you choose to proceed with the application at this stage, we would charge you our usual hourly rates for legal service.
